SAULT STE. MARIE, Ontario.

Downsview, Ontario.

May 9th, 1969.

Dear Sir: Re: 1969 Road Expenditure By-Law
 Number 69-1 Amount \$ 8,000.

The Honourable George E. Gomme, Minister of Highways, has authorized the approval of the above-cited by-law to a limit of

\$	-	for Construction,
\$	<u>8,000.</u>	for Maintenance, and
\$	8,000.	Total

Please be advised that expenditures in excess of either of these limits will not be eligible for subsidy unless covered by a supplementary by-law approved by the Minister. Supplementary by-laws for unavoidable expenditures in excess of the normal allotment will be considered, but such supplementary by-laws should be submitted prior to May 31st, 1969. It is unlikely by-laws submitted after that date will be considered for approval until March 1970, the end of the 1969-70 fiscal year.

This approval is given subject to the approval of each individual work of road and bridge construction, each contract for construction or maintenance and the purchase of each unit of equipment. The District Engineer must be advised and his consent obtained before such works or purchases are advertised or tenders called or any commitment made by the municipality with respect to them.

In the event that any portion of the cost of the proposed work or purchase is to be raised in a subsequent year or financed by the issue of debentures, the approval of the Ontario Municipal Board must be obtained before the work or purchase is authorized or any commitment made with respect thereto.

One copy of the by-law as approved is returned herewith.

Yours very truly,

C.R. Wilmot,
Municipal Engineer.
