Dear Sir:

Re: 1966 Road Estimates By-law

By-law NO 373

Enclosed are four copies of By-law Form OB-MR-16 and three copies of supporting Road Programme OB-MR-18 for use when submitting estimates of 1966 normal road expenditures for which your township will claim subsidy under The Highway Improvement Act.

In order that the expenditures for this district may be kept within the amounts allocated to it, it is necessary to advise you that the maximum estimates that may be approved for your township for normal expenditures shall not exceed

\$ Nil for Construction and \$ 5,000.00 for Maintenance.

When preparing the by-law and supporting road programme be careful to see that the various sub-totals on programme agree with the amounts entered in the by-law. All totals should be rounded to the nearest hundred dollars.

Please pay attention to the footnote on the Road Programme re Distribution of Overhead, Construction and Maintenance.

Three copies of the completed by-law and two copies of the programme must be forwarded to the undersigned not later than March 31st, 1966.

A supplementary by-law and programme will be accepted for consideration later, if required, but it is necessary to ask that they be submitted not later than July 31st, 1966.

Yours very truly,

District Engineer.
